Construction Debris

The City's debris contractor completed storm debris collections from Hurricane Harvey on October 17, 2017. The contractors made several passes through the City in an effort to pick up storm related debris. Any construction and demolition debris left at the curb will not be collected by the City. Construction and demolition debris are items such as building materials, carpet, drywall, furniture, lumber, mattresses, plumbing, etc.

Residents can utilize one of the following options for the removal of construction and demolition debris. Fees will apply.

- Request a special pickup from Waste Connections by calling 281-585-1721
- Haul the material to any authorized disposal site
- Have your contractor remove the material

Household hazardous waste items can be taken to Stella Roberts Recycle Center (5800 Magnolia St., Pearland, Texas 77584).

Thank you for your continued understanding and cooperation.
