Alvin Website Video Tour

Alvin, TX – Larry Buehler, Economic Development Coordinator, stated “The City of Alvin is excited to announce a new series of videos on the City’s website that showcase the community through a new welcome message, videos on education, quality of life and tourism and economic development & relocation. This project was made possible by the involvement of many great businesses located within the community.” While viewing the video tours, the viewer will notice many company logos around the videos. Simply click on one of the many company logos to learn more about that company, and view a customized video that was created for that business.

The new series of videos contain updated content that was recorded throughout Alvin, and can be found on the homepage of the City of Alvin’s website www.alvin-tx.gov.

Mr. Buehler stated “The City is thankful for partnerships such as the one with CGI Communications, Inc. that allows for the creation and display of high-quality video content that is made available to citizens and visitors at no cost to the City. Please take the time to enjoy the new and improved video tour, and learn more about the local businesses that made this partnership possible. This is another great way to share with others, that Alvin is a great place to live, work, and play.”
