The City of Alvin has taken many steps to provide accurate information and help protect our citizens. Our Emergency Operations Center is currently staffed around the clock and we are working closely with other agencies to share information. Our citizens should remain vigilant and monitor the weather and their situations should changes occur. Simple, yet critical measures such as "Turn Around Don't Drown" and "See Something Say Something" are key for everyone to follow. Please stay connected to social media and the city's website at www.alvin-tx.gov for city updates and stay tuned to local media to monitor current weather conditions.
