Harvey Update #16

Residents are asked to limit their use of water and wastewater systems. Please limit the use of washing machines, flushing toilets, taking long showers etc. This will help the city's wastewater system immensely. The tap water is safe to drink.

Please stay off the roadways! Emergency personnel are encountering cars going the wrong direction, which can be very dangerous. Also, the big trucks out on the roadways are causing more water to be pushed into houses. Again, residents are asked to stay off the roadways.
