Hurricane Harvey - Update #7

The City of Alvin's Emergency Operation Center has been activated and staffed. Alvin is still experiencing weather-related power outages. Texas New Mexico Power Company is working to restore power to those affected. Power outages can be reported 888-866-7456, select option 1.

The City is seeing minor street flooding at this time. Residents are again encouraged to stay off of the roadways. Reports of downed power lines and tree limbs have also been reported. Please be careful.

Ditches and bayous seem to be nearing capacity but have not yet reached flood stage.

The major factor in this storm will be the amount of rain the City sees over the next few days. Please stay tuned to local media and stay weather aware.

A shelter in Angleton has been set up at the Angleton School District for those who have received significant home flooding. It is located at 1900 West Downing Street in Angleton.
